CHANGE OF ADDRESS LETTER

SIR:

Based on the transmittal papers filed with this application as well as the executed Declaration and Power of Attorney filed March 17, 2005, all correspondence regarding this application should have been mailed to the address of Customer No. 27799, namely the below-identified firm.

On May 2, 2005, a LETTER was filed informing the USPTO of a change of address for the second and third inventors named in the present application. For some unexplained reason, since the filing of that letter, correspondence regarding this application has been mailed to the inventor Worms. This correspondence includes an Office Action mailed June 12, 2007 (copy of its first page is attached).

The undersigned has spoken several times with Examiners Corey Chau and Kimberly William in order to correct the mailing address by returning it to the authorized one originally used by the USPTO and to reissue the Office Action. The reason for the reissuance of the Office Action is that the undersigned only became aware of the Office Action on a date well beyond that on which such Office action would have been delivered by mail. Thus, due to USPTO error, the applicant would have lost a significant portion of the response period.

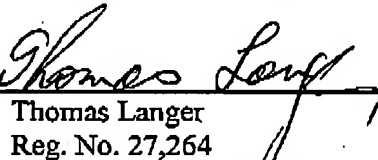

Both Examiners Chau and William indicated that they will attempt to have this error corrected at the USPTO. However, during a telcon on August 15, 2007, Examiner William stated that perhaps the easiest and most efficient way of achieving such a correction is to fax this letter to the USPTO with a corrected mailing address. Accordingly, effective immediately, the USPTO is requested to again direct all correspondence to **Customer No. 27799**.

The USPTO is respectfully requested to reissue the Office Action with a new starting date for the response period.

Respectfully submitted,

COHEN PONTANI LIEBERMAN & PAVANE LLP
